LEGISLATIVE COUNSEL'S DIGEST

SB 665, Migden. California Career Resource Network.

Existing law establishes various career preparation programs, including the School-to-Career Program, which provides grants for local agencies to build connections between educators, employers, local government, and the community, as specified. Existing law also establishes the California Occupational Information Coordination Committee for the purposes of, among other things, developing a plan for the use of available resources to design and implement a statewide comprehensive labor market and occupational supply and demand information system.

This bill would repeal the California Occupational Information Coordination Committee and instead establish the California Career Resource Network for the purpose of providing career development information and resources, as provided. The bill would also make conforming changes.
